

EDFR6300 Research Methods
HW06

Name: _____ ID#: _____

Analyze and interpret qualitative data

Note: You may work individually or collaboratively as a group for this assignment.

A.

Interview one (or several) purposively selected participant(s) for approximately 15-45 minutes. Record the whole interview. Then carefully transcribe the recording. Show your transcript here.

B.

Analyze the qualitative data and provide your interpretation.
